Let us know how you would like your eggs we can fry them, scramble them, poach them, boil them or bake them. Please be patient with our chef, as he will cook them from fresh for you, he doesn't like serving eggs that have been kept warm for hours!

Brown or white toast from a local bakery is served with all breakfasts too. There is a selection of preserves, spreads and sauces on the buffet table to dip in to.

Enjoy your start to the day,

Matt and Thom.
